National Center for Mobility Management

NCMM is a technical assistance center
funded by the Federal Transit
Administration operated by CTAA, APTA,
and Easterseals

We work daily to promote customer-
centered mobility strategies to advance
good health, economic vitality, self-
sufficiency, and community.

Meet the NCMM Staff

Amy Conrick
CTAA

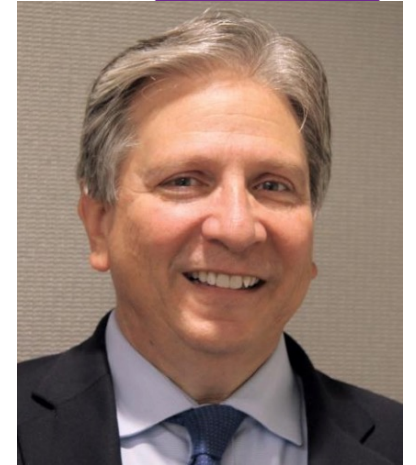

Judy Shanley,
Easterseals

Will Reckley
CTAA

Kirby Wilhelm,
CTAA

Art Guzetti
APTA

Janae Futrell
NCMM's expert in One-
Call/One-Click and MaaS

Kevin Chambers,
NCMM's Technologist

Carol Kochar-Bryant
NCMM's Evaluator

Our Schedule Today

- | | |
|------------|---|
| 8:30 a.m. | Gathering Together |
| 8:45 a.m. | Morning Program |
| | –Equity in Transportation Services |
| | –Innovative Services in the Commonwealth of Virginia |
| | –Advancing Transportation through Cross-Sector Partnerships |
| | –Public Sector Roles in Mobility as a Service: Promoter, Partner, or Enabler? |
| 11:45 a.m. | Conference Lunch – Grand Ballroom, Convention Center |
| 1:00 p.m. | Mobility Management “Unconference” |
| 4:00 p.m. | Closing |

Unconference -- You asked for it!

- This morning: Attendees suggest titles for sessions they would like to lead
- Sessions can be discussion/presentation
- NCMM staff will “grid” the sessions into 3 rooms/3 time slots (total = 9 sessions)
- Come prepared to lead/facilitate session
- 50-minute sessions

See Bill

Mobility Management Lounge

Convention Center E10-A

Wednesday: 8:00 am to 5:00 pm

Thursday: 8:00 am to 1:30 pm

What's coming at NCMM?

A close-up photograph of several lavender flower spikes. The flowers are a vibrant purple color. A single bee is visible, perched on one of the flower spikes in the center-right of the frame. The background is a soft-focus green, suggesting foliage.

Design Challenge Grants: 3 Phases

For 2021-2022

- 1) Planning (\$25K) (Oct '21 to Mar '22)
- 2) Learning Launch/Proof-of-Concept (Apr '22 to Sep '22)
- 3) (\$20K)) Pilot (\$75K) (Jan '22-Sep '22)

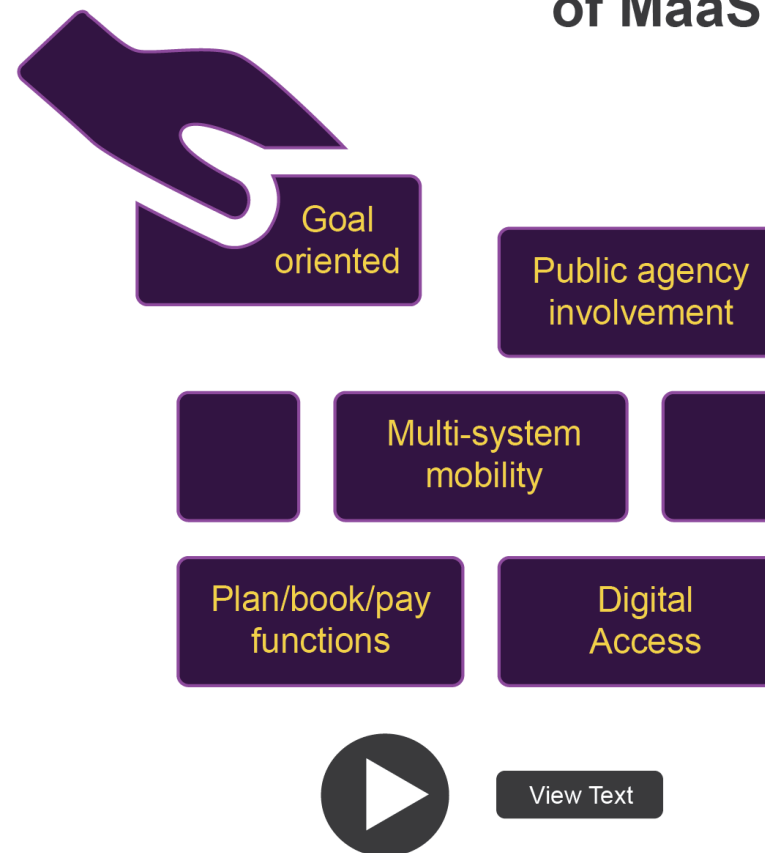

For 2022-2023

- 1) Planning (\$25K) – applications late spring/early summer '22
- 2) Learning Launch/Proof-of-Concept (\$20K) – approx. spring '23
- 3) Pilot (\$75K) – Jan '23-Sep '23

Mobility as a Service Resource Center

Mobility as a Service (MaaS) is “an integrated mobility concept in which travelers can access their transportation modes over a single digital interface. MaaS primarily focuses on passenger mobility, allowing travelers to seamlessly plan, book, and pay for travel on a pay-as-you-go and/or subscription basis.” Mobility management’s primary purpose is to help people manage their mobility options; the MaaS concept involves applying technology and other elements to make this easier to achieve. To put MaaS in context with related concepts, consider learning more about Universal MaaS, introduced by AARP, and One-Call/One-Click systems. More details about MaaS are available here.

Core Elements of MaaS

New e-learning courses

- 1) Mobility Management for Non-Transportation Partners
- 2) Choosing the Right Type of Partner Agreement (MOUs, MOAs, etc.)
- 3) Your suggestions?

Issue-Focused Mobility Meetings in 3 communities

Give mobility management practitioners within a “mobility region” the opportunity to meet, network, and together begin to develop potential solutions to the identified issue.

NCMM will work closely with the three selected regions to co-design these one-day meetings to ensure they effectively addresses the goals the community sets for the meeting.
